Thanks, Brian.

On a side note, I had an initial first discussion with the Estates HOA President. He's going to think about the situation a bit and bounce it off another board member. It sounded like there may be interest in having a brief discussion with the deputy. We can chat more about it when I hear back from them.

Hi Kevin,

It is probably best if we sit down with Sergeant John Gaw to go over the specifics.

This all came about as a result of the Duarte Mesa Association wanting to install their own camera system that would be maintained by them and they would retain all of the data. We have definitely run into problems associated with them trying to do it on their own and in talking with Sergeant Gaw I discovered that cities are purchasing the system through the Sheriff Department. If we place a unit on Mt. Olive just above the trail it would cover all of Bradbury in that area as well as the Mesa.

Sergeant Gaw would you have any availability to meet with us to discuss purchasing an ALPR system?

-Brian

Brian,

I had a meeting with Darrell today. He mentioned that you are working with Duarte Mesa residents to figure out ALPRs (license plate readers). Could you give me more specifics – such as location, costs, annual maintenance, info on where the information goes, and what it's used for?

Thanks,

Kevin
